

Peace of Mind

VISITOR MANAGEMENT SYSTEM (ViMS)

VISITOR MANAGEMENT SYSTEM (ViMS)

CALMS Technologies simplifies One Card implementation for companies such that they are able to use the one single card for multiple applications and maximize their return on investment in a fully integrated environment.

The solution helps customers to automate and improve their business processes in a secure environment thus saving cost and time, increase productivity, ease operation, enhanced security and lastly providing peace of mind to the users.

PRODUCT INFORMATION

CALMS® Visitor Management System (ViMS) helps facilities to easily screen and track visitors to their building. ViMS enables better management of building security and improved services with more efficient visitor processing. ViMS optimizes crucial security measures and enhances company image.

The system automates the capture of information from MyKad, Driving License, Passport or Business Card, thus provides validation of visitor and remove potential human error in keying visitor information.
